

Access to 24/7 tutoring dramatically improved Talent Search and Upward Bound students' grades

Challenges

In-person tutoring was not being used

Accessibility was a constant issue - some students live 1-2 hours from the closest tutoring center

In-person tutoring hours didn't support students in their time of need

66 I went from a high C before using Got It to all A's...

How Got It Helped

With the Got It app, TRiO students had access to instant tutoring help, 24/7

Accessible anywhere, anytime - whenever they need it most

Administrators have full insight into realtime student usage, experience, and overall success

University of Arkansas

PROGRAMS: Talent Search & Upward

Bound

DIRECTORS: Gina Ervin & Keith Brink

NUMBER OF STUDENTS: 1,635

LOCATION: Fayetteville, Arkansas

GRADES SUPPORTED: 6th - 12th

of tutoring sessions were rated 5/5 stars by students

Average student completed 11 tutoring sessions in Fall 2017 using Got It

"Got It has been a great compliment to our traditional face-to-face tutoring program. Our Upward Bound students love the convenience of using the app and being able to get immediate help whenever they need it. This is the future of tutoring, and I now can't imagine our program without it."

Keith Brink,

Director of Upward Bound - University of Arkansas

tutoring to your students.

"I love how it is available all the time. Being able to actually talk with someone and ask questions when needed is something I've never had before. It has helped me so much with my Algebra II class that I went from a high C before using Got It to all A's. Got It made my life so much easier and I actually learned so much from it."
